JOB APPLIED FOR

Web developer

WORK EXPERIENCE

1 Jan 2018–Present

Web Developer

Somproduct SRL, Baia Mare (Romania)

At Somproduct i was responsible with creating, redesigning and improving features for the company's online store built in Magento. As UX is very important in E-Commerce, the customer's experience was the top priority and the driving force of my activity.

Another part of my activity at Somproduct was building modern and scalable internal web apps using Vue.JS and Laravel for the back-end. Those apps solved internal problems and optimised workflows in other departaments.

1 Apr 2016–1 Dec 2017

Front-end Developer

Tagspot, Baia Mare (Romania)

My main responsibility at Tagspot was transforming received designs into functional and responsive websites, using the Bootstrap CSS Framework, jQuery and the mobile-first methodology. The secondary responsibility was connecting the front-end of those sites to the back-end using Laravel.

I also participated in every stage of a project, from the design phase to deployment.

1 Mar 2016–1 Apr 2016

Video Editor / Motion Graphics Designer

Brain Software, Baia Mare (Romania)

At Brain Software I was responsible with capturing footage from the video games that the company developed.

With that footage I created trailers and promotional footage using Adobe After Effects and Adobe Premiere.

9 Apr 2015–21 Jul 2015

Intern

Trencadis, Baia Mare (Romania)

As an intern I studied the basics of Web Development and Web Design, with courses including but not limited to on-site training with PHP, JS, HTML and CSS.

EDUCATION AND TRAINING
